

Continuing Medical Education (CME) Credits

Reviewing your **MD Snapshot-Prescribing** qualifies for Continuing Medical Education (CME) credits!

Members of the Royal College of Physicians and Surgeons of Canada (RCPSC) can claim MOC Section 3 credits for reviewing their quarterly Prescribing Snapshot.

Learn more at www.royalcollege.ca.

Members of the College of Family Physicians of Canada (CFPC) can claim non-certified Mainpro+ credits under the 'assessment' category.

Visit www.cfpc.ca to find out more.

Did you know a Linking Learning exercise can earn you 5 Mainpro+ certified credits?

Members of CFPC can complete a Linking Learning exercise for additional credit.

Linking Learning exercise example:

Select 5 to 10 patients and for each of them, ask yourself the following:

- Is the therapy indicated and appropriate?
- Are there safer pharmaceutical and/or non-pharmaceutical options available?
- Can I further optimize prescribing for my patient?

Did you know? Reviewing, analyzing and developing an action plan based on your Prescribing Snapshot counts as completing a **practice-driven quality improvement activity** using objective data under CPSA's new [Physician Practice Improvement Program \(PIIP\)](#).
