References

In the sections below, provide the name, professional details and contact information of **two professional references** you have worked with within the last three years. One must be the head of a hospital department/division or a senior medical administrator of the organization in which you most recently worked, or the program director if you have recently completed post-graduate training. The other must be a professional colleague you currently or recently worked with within your specialty. References must have current knowledge of your practice.

If you are requesting privileges/approvals requiring additional skills/training/competency outside your core speciality competencies, at least one reference must specifically address recent training and/or experience in these areas.

References may be contacted. Additional references may be requested.
